The Worcester Greenstar Si Compact combi

Our Greenstar Si Compact combi boiler is suitable for small to medium sized homes with one bathroom. This boiler is designed to fit within a standard kitchen cupboard and has an easy to use control that allows you to fine tune your comfort.

Why install a Greenstar Si Compact combi?

- Fits in a standard kitchen cupboard
- Instantaneous hot water, always available
- Hot water temperature can be fine tuned
- Wide choice of controls including the internet connected Worcester Wave
- Simple boiler controls with clear temperature display
- Low energy pump reduces electrical usage

Accessories

Boiler dimensions

The Greenstar Si Compact range will fit inside your wall-mounted kitchen cupboards.

Know your system

Combination, or 'combi' boilers, heat water directly from the mains when you turn on a tap, so you won't need a hot water storage cylinder or a cold water storage tank.
